PLEASE READ CAREFULLY BEFORE ORDERING IRIS

TERMS—Postage paid on all orders for \$5.00 or more. For smaller orders please add 50¢ for packing and postage. Cash, check or money order with all mail orders. No C. O. D. orders accepted.

LOCAL OR PICK-UP ORDERS—A deposit of 30% will hold your order and you will be notified when order is ready. The balance to be paid when you take delivery.

SALES TAX—Ohio residents only, please add 3% sales tax.

PRICES—All prices are for one rhizome unless otherwise noted. You may order three of one variety at 2½ times the price of one.

EXTRA BONUS—On orders of \$5.00 to \$10.00, we will send 25% more value in free iris of your selection. On orders of \$10.00 and over we will send 50% more value in free iris of your selection. We want you to select all the varieties. No bonus on collections which are NET.

SHIPPING TIME—Will start soon after July 4th, weather permitting. Orders will be filled in rotation, however we will comply with requests for special shipping dates if possible.

GUARANTEE—We guarantee all iris to be true to name, free from disease, guaranteed to live and grow. Report any failure by October 1st, and adjustment will be made. Liability limited to the cost of stock.

GARDEN CLUBS—Pool your orders for maximum discount. Grouped orders should be sent in at one time. Those amounting to \$5.00 or more may be mailed prepaid direct to the member if desired.

LECTURES—Illustrated talks on Iris are available for your club meetings.

GIFT CERTIFICATES—Available in any amount. Send us your remittance for the amount desired. We will mail a gift certificate to you or direct to your friend along with a copy of this catalog. Either you or they may then select the varieties desired. Be sure to give us the name and address of each person you wish to send a gift certificate and the amount of each.

WHOLESALE—We do not issue a wholesale list. Authorized dealers may send a want list indicating the quantities wanted and we will quote promptly.

INSPECTION—Our gardens are regularly inspected by the Ohio Department of Agriculture and certified free of injurious pests and disease.

MEMBER and ACCREDITED JUDGE—The American Iris Society. Also member Dwarf Iris Society, Median Iris Society, Spuria Iris Society, Central Ohio and North East Ohio Iris Societies, and other organizations devoted to gardening including American Horticultural Society and the Men's Garden Clubs of America.

EVANS IRIS GARDENS — CLARENCE D. EVANS — Owner, Operator

GREETINGS 1961

Thanks to our customers and friends for continuing support. We are deeply grateful. May we hear from each of you again soon. Although we grow about 700 varieties of iris this list describes some of the newer ones only.

Other popular varieties priced from 60¢ to \$1.00 are included in the groups of special collections. If you would like to have detailed information on any or all of the various types such as:—

Miniature Dwarf	List No. 1	Miscellaneous	List No. 4
Medians	List No. 2	Spurias	
Standard Dwarf		Siberian	
Intermediate		Crested	
Border		Bulbius	
Miniature Tall		Japanese	List No. 5
	Older Favorites	List No. 6	

we will be pleased to mail them promptly on request. As awards of the American Iris Society reflect the opinions of the judges, we show the initials indicating such awards to registered varieties.

AWARDS

Only one Dykes Medal may be awarded each year, and sometimes no award is made, as in 1960. The Dykes Medal (DM) is the highest award an iris may receive. Only 12 Awards of Merit (AM) are given each year (except in case of tie for 12th place). No limit to the number of Honorable Mention (HM) awards each year so long as 12 judges vote for a variety.

AN INVITATION TO VISIT

It is always a pleasure to visit with others interested in iris. You are welcome any time, and particularly at the blooming season. The gardens are located in the center of Mayfield Village at 6690 Wilson Mills Road. Mail should be addressed —6690 Wilson Mills Road, Gates Mills, Ohio. There is no post office in Mayfield Village.

During the season of peak bloom for tall bearded iris Mr. Evans will be at the gardens week-day afternoons from 1:00 P. M. to 8:00 P. M. and on Sundays from 2:00 P. M. to 8:00 P. M. During the rest of the growing season his schedule will be afternoons from 1:00 P. M. to 6:00 P. M. weekdays and closed on Sundays.

Mr. Evans lives in Euclid, some ten miles away, but will be pleased to meet you at the garden at your convenience. Just telephone RE 1-2335.

A reminder—all iris of any class do not bloom at the same time. In each class the variation may be from a few days to three or four weeks. The Miniature Dwarfs usually start to bloom during the last week of April, the Medians early in May, and the Talls last of May. The Dutch, Siberian and Spuria bloom along with the Talls with the Japanese following soon after. Weather conditions may cause some variation in these dates.

If the particular variety you wish to see is not in flower when you visit, be sure to ask to see our scrap-book as we have pictures of many of them.

LILIES OF JAN de GRAFF

SEND TODAY FOR HIS LILY FOLDER IN FULL COLOR.

We feature lily bulbs grown by this world renowned grower and hybridizer because we believe they are better. Most of these lovely exotic flowers may be grown in this area and will provide high-lights of color and brilliance for your garden. The beautiful colored folder contains detailed planting information and pictures of many of the more popular varieties. It is yours for the asking.

- WHOLE CLOTH** ('58 Cook) Beautiful new amoena. Stds clear white. Falls solid medium blue. Large, broad flaring form and well branched. AM **\$15.00**

NOTES ON IRIS CARE

Plant rhizomes as soon as received in good garden soil that is well drained, or in raised beds. For best results they should be located in an area receiving full sun. Work a handful of bonemeal into the soil when planting, spread out the roots and cover the rhizome with a scant inch of soil. If new ground is prepared for planting we favor a generous dressing of well rotted manure thoroughly worked into the soil. When planting care should be taken to be sure rhizomes do not come in contact with the manure. In the spring a side dressing of manure or a commercial fertilizer (4-12-4) will help. Note: some forms of rot are believed to result when animal manure is allowed to remain against the rhizome.

IRIS BORER—a pest if not controlled. Maintain clean cultivation, clean up and burn all dead leaves and other debris in the fall, and repeat in early spring. Good gardening practice and a definite spraying or dusting program is advisable. We prefer dusting. In either case apply 5% DDT starting about the middle of April and repeat at 10 day intervals until the flower buds begin to swell (late May or early June). We suggest dusting early in the morning, while the dew is still present. Apply dust liberally over the plant and also on the ground close to the plant.

THRIPS—have been known to attack iris in the bud. The 5% DDT treatment applied when the buds are well defined is usually effective.

SOFT ROT—usually found early in the season after a prolonged wet spell. Clean out the rotted area down to healthy tissue using a knife or spoon. Burn or otherwise dispose of the diseased material. Drench the remains of the rhizome with a sterilizing liquid, about a cupful. Leave the cut surface exposed to sun and air until dry, an hour or two or even until the following day, then apply a small handful of gypsum powder and cover with fresh soil. In severe cases it may be necessary to remove the entire rhizome; but be sure to apply a sterilizing drench to the plant area. Several products are available for this purpose such as formaldehyde, bi-chloride of mercury, carco-X and clorox.

SPECIAL SERVICES AVAILABLE LOCALLY

The following services and products are available only to customers in the "local" or "pick-up" area:

Gypsum
Hardy perennial plants

Dusting material
Shrubs and other landscape material

The growing of iris is our special interest. So many of our local customers have asked for help in other phases of gardening that we have arranged to supply their needs of plants and shrubs as grown by leading nurserymen in Lake County. Most of this material should be planted in the fall.

We are not Landscape Architects and do not draw or suggest planned layouts. We do have connections and might be able to help you make contact with someone performing this service. Once you have a landscape architect's plan for your property we can help you get good plants at reasonable prices.

SPECIAL LISTS

These special lists carry information about a specific type or group of Iris mentioned on page three. Please ask for lists by number. We are able to include more details this way.

LIST NO. 1 — MINIATURE DWARF BEARDED IRIS

Complete description of 53 varieties — average height, awards, colors and planting suggestions.

LIST NO. 2 — MEDIAN GROUP OF BEARDED IRIS

This group includes Standard Dwarf Bearded, Intermediate Bearded, Border Bearded, Miniature Tall Bearded (formerly Table). We show color description, awards, and also several that re-bloom in the fall.

LIST NO. 4 — SPURIA - SIBERIAN - CRESTED - BULBOUS - MISC.

Representative listings of these groups — color description, awards, and cultural suggestions.

LIST NO. 5 — JAPANESE IRIS

This list includes several of the more popular varieties grown in this area — color description, and cultural suggestions.

LIST NO. 6 — OLD TIMER GROUP AND SOME COLLECTOR'S ITEMS

We have tried to keep a few of the old time Iris for hybridizers and collectors. Most were introduced before 1930 and some date back to 1850. Color description, awards, and diploids identified, where known.

IRIS FOR LANDSCAPING

We have a fine selection of surplus Tall Bearded Iris and Intermediate Bearded Iris for landscape or mass planting. While they last — we will supply lots of 25 rhizomes or more either as a mixture or in a single color group, blues, yellows, browns, reds, white and near white. There will be enough variation within each group to make an interesting planting.

25 for \$7.50

50 for \$14.00

100 for \$25.00

Please add \$1.00 toward postage.
